ABOUT

Your safety is in our nature.

2004年以来、KASKは卓越性と安全性を、革新的かつ独創的なデザインと融合させた製品の開発・製造に取り組んできました。ヘルメットの品質をさらに向上させ、製造基準を高めるべく絶えず技術研究に注力しているKASKは、最高水準の安全要件を満たす幅広い製品ラインナップをお客様に提供しています。

使用される素材の卓越した品質と他にはないスタイルに加え、KASKの製品は完璧な人間工学に基づいており、最も過酷な環境下でも比類のない快適さを保証します。

快適性、安全性、デザイン：これらの原則に基づき、KASKはCSDプロジェクトの品質基準を確立しました。すべてのKASKコレクションのデザインと機能は革新的かつ独自のものであり、数多くの特許によって保護されています。

ABOUT

Made in Italy

KASKの全製品は、最高の品質を確保し、目の肥えたお客様に最高級の保護ヘルメットを提供するために、イタリアで独占的に開発・製造されています。私たちはヘルメット製造における最高水準を維持することに尽力しており、優れた製品をお届けするためには、製造工程全体を完全に管理することが不可欠です。

ALL MOUNTAIN

Titano

オールラウンドな耐久性と比類なきパフォーマンスを追求して設計されたオールマウンテン用ヘルメット「TITANO」をご紹介します。その頑丈な構造は過酷な環境にも耐え、ライドを重ねるごとに必要な保護を確実に提供します。最先端の素材を用いて作られた「TITANO」は、軽量設計と卓越した強度の完璧なバランスを実現し、先進的な通気システムが涼しく快適な状態を保ちます。最高峰を制覇する時も、深い森の中を滑走する時も。山が呼んでいる。その声に応える準備はできていますか？大自然へと飛び込み、未知なるスリルを追い求めましょう。

DURABILITY

The ABS hardshell is sturdy and impact-resistant, providing maximum protection. Designed for day-to-day use, it is durable yet lightweight for the ultimate comfort.

FRONT VENTILATION SYSTEM

The adjustable ventilation system features front vents that help to maintain an optimal temperature while preventing fogging.

PERFECT FIT

TITANO offers a range of six sizes to ensure a comfortable and secure fit. From XS to XXL, every skier can find the perfect size.

ACTIVE VENTILATION SYSTEM

Top vents with dual adjusters for perfect cooling and airflow.

GOGGLES HOLDER

An easy-to-use feature that keeps the goggles in place so the skiers can stay focused. Stretchy and adjustable.

TPU EARFLAPS

These flexible, durable earflaps provide even more comfort and protection while keeping the skiers warm.

Piuma-R

「PIUMA」は、私たちが最初にデザインしたヘルメットの一つです。私たちは、このゲレンデの王者たるモデルをシーズンごとに進化させ、その勢いを維持するために、情熱と献身、そしてデザインの匠の技をすべて注ぎ込みました。

その結果生まれたのは、エンジニアリングの芸術品とも言える一作です。革新的な光学システムを装備し、最適かつ正確なナビゲーションを保証するこのヘルメットは、最も過酷なブラックコースにおいても、明快さと自信をもたらしてくれます。

全く新しいPIUMA-Rは、100%イタリアでデザイン・製造され、美しさ、快適性、安全性を兼ね備えた稀有なヘルメットです。

頭部を守り、スタイルを貫く。

CLICK-IN SYSTEM

The connection between the removable and washable inner padding and the shell is enhanced thanks to the Click-in System. Its design is discreet and minimal, with three pins that easily fit into the shell. The effective simplicity of the Click-in System ensures great comfort all round.

MERINO WOOL INNER PADDING*

Thanks to the properties of Merino wool, the internal padding provides unmatched comfort. The Merino wool natural fibre in contact with the skin keeps the body temperature, ensures high breathability and dries quickly.

*except for Montecarlo models

PERFECT FIT

PIUMA-R is available in six sizes to meet everyone's need and guaranteeing the perfect fit.

ACTIVE VENTILATION SYSTEM

The active ventilation system integrated in the helmet allows the better cooling airflow. Using the lever on the rear, the amount of air flow can be adjusted to suit the skiers needs.

VIBES

Ear-pads embedded with a bone-conduction audio technology. This innovation enables users to listen to music, answer calls via Bluetooth® connection to their smartphone while still being aware of their surroundings, enhancing safety and enjoyment during activities.

ONE-MOVE SWITCH

Changing visors has never been so easy: with one simple movement of your finger you can detach or attach the visor. The One-Move Switch System fits perfectly in the helmet design.

VIBES

PIUMA-R Vibes is an innovative version of our iconic helmet featuring an audio system with bone-conduction technology. It is designed to listen to music, make or receive calls via a Bluetooth® link to your smartphone. Listening through bone-conduction technology allows you to continue hearing environmental noises (voices, noises, alarm signals) during use, ensuring greater safety and greater fun while doing your favorite activity.

VOLUME

110dB +/- 3dB

BONE CONDUCTION AUDIO

Transmitting sound vibrations through the bones, it allows users to hear crisp, clean sounds without uncomfortable earbuds, while staying in touch with their surroundings

BLUETOOTH® CONNECTION

The latest Bluetooth® 5.2 Conference Technology, lets to communicate whenever and wherever you want. Compatible and paired devices are recognized and if contact is lost, they are automatically searched for to restore the connection and this allows you to use all the functions of your devices, smartphones, tablets, mp3 players and GPS systems.

VOICE-ACTIVED CONTROL

Through the various voice activation systems, it allows you to answer the phone, receive info from the network, listen to music, etc., all hands-free without even taking off your gloves and stop skiing.

WINDPROOF DIRECTIONAL MICROPHONE

Microphone with ambient noise suppression system, able to pick up a clean sound from the wind, while skiing down the slopes.

WATER RESISTANT

IP56 degree of protection: protection against dust so that it doesn't interfere with the operation of the device and against strong jets of water from any direction.

UP TO 8 HOUR CONTINUOUS USE

+/- 17h talk time, +/- 20h music time, +/- 625h standby time

*Every PIUMA-R is available in PIUMA-R Vibes version.
This audio system is not available as a spare accessory.

Khimera

長年にわたるデザイン、研究開発を経て、KHIMERAを自信を持ってお届けします。

スノーコレクションに新たな方向性をもたらしたKHIMERAは、美しさ、快適性、そして安全性という、他に類を見ない組み合わせを実現しました。これまでで最も軽量で通気性にも優れているため、ゲレンデでの長時間の滑走に最適です。

100%イタリアでデザイン・製造されたKHIMERAは、スタイルと安全性に一切の妥協を許しません。自由に動き回り、自由に自分を表現し、最も挑戦的なコースに身を委ね、あらゆる衝動に身を任せましょう。

KHIMERA。頭を守り、スタイルを守りましょう。

ACTIVE VENTILATION SYSTEM

The Active Ventilation System is easy to use by simply sliding the upper part of the helmet, which adjusts the amount of air flow. The Integrated Airflow Control System allows for a larger and wider ventilation. On the back of the helmet is a dedicated exit port for the front air.

CLICK-IN SYSTEM

The connection between the removable and washable inner padding and the shell is enhanced thanks to the Click-in System. Its design is discreet and minimal, with three pins that easily fit into the shell. The effective simplicity of the Click-in System ensures great comfort all round.

LIGHTWEIGHT

KHIMERA it's one of the lightest ski helmets on the market with a weight of 500 g in the medium size.

FRONTAL GOGGLES VENTILATION

The dedicated port in the front allows the flow of the air to the goggles, preventing fogging.

GOGGLES HOLDER

KHIMERA helmet has an integrated goggles holder to fix securely and safely the goggles.

TPU EARFLAPS

Compare to the standard fabric earflaps, the TPU material increases the weather resistance such as water and moisture, providing even better comfort and flexibility.

W311

Materials

Inner padding material: Soft wind
 Earflap material: Tpu and Nylon

Omega

イタリアで完全製造された、KASK初のレーシングヘルメット「オメガ」をご紹介します。スピード競技向けワールドカップヘルメットの開発プロジェクトとして始まったオメガは、卓越性とパフォーマンスが融合したヘルメットへと進化しました。KASKがサイクリングの世界で培ってきた実績と、ワールドカッププロスキーヤーからのフィードバックと分析を融合させたのが、オメガです。

風洞実験では、オメガが同クラス最高レベルの性能を発揮することが実証されました。さらに、完璧なフィット感とオーダーメイドのような快適な装着感も実現しています。スピードを愛するあなたに必要なヘルメットは、オメガだけです。

CARBON FIBER SHELL*

The OMEGA takes advantage of carbon fiber's extraordinary properties to result in an ultra-lightweight helmet with an aerodynamic shape and the uncompromising strength of carbon fiber.

*Only in the Omega Carbon version

LIGHTWEIGHT

The helmet's material composition and design combine to make it one of the lightest competition helmets available.

AERODYNAMIC

Minimizing drag was key to developing the OMEGA. By testing the helmet with professional skiers in actual race conditions, we were able to optimize its aerodynamic profile to maximize marginal gains.

GOGGLES HOLDER

A special racer-specific goggles holder has been built into the helmet to elevate the OMEGA's appeal and functionality.

PERFECT FIT

Available in five precise sizes in order to guarantee a perfect fit without needing a size adjuster.

PHOTOCHROMIC VISOR

See where the best conditions are all day long with two photochromic visors in Smoke Pink and Silver Mirror. The visors adapt to changing light conditions and go from S 0 to S 2 so that, as the ambient light increases, they become darker. By contrast, when it's cloudy or there's low light, the visors adjust to provide the perfect level of protection as light intensity varies. 100% UV protection tames the sun's harsh rays, while a second internal lens guarantees anti-fogging. Expect to get an outstanding sharp and clear field-of-vision in all directions, thanks to the visors' toric shape.

The Smoke Pink Photochromic visor features a pink base that enables its wearer to see contrasts more clearly in cloudy or low light conditions. The smoke pink visor has been fitted to KASK's Elite snow helmet and is compatible with all other helmets.

When activated by the sun, the Clear Silver Mirror visor both darkens and reflects to shield its wearer from harmful light. The mirroring adds style and reduces VLT (visible light transmission), which is a feature that will never fall out of fashion. Perfect for skiing or snowboarding on sunny days, this visor has been fitted to KASK's Chrome and Shadow snow helmets, and is compatible with all Piuma-R models with a visor.

The ERA goggles have a magnetic frame that allows you to swap the cylindrical lens out for any of the optimized ERA lenses designed for various light conditions. By unlocking the two external hooks that provide greater stability to the lateral closure, the lens is released and can be detached with a light push and pull. The new lens is then inserted, aligned with the magnets, and correctly positioned within the base of the frame - locking the external hooks back into place to secure the lens.

L E N S S Y S T E M**

The lens can easily be swapped out for any of the five optimized lenses designed to perform in different light conditions. By pulling down on the frame's lower arch, the lens is released and seamlessly slides out. The new lens is inserted into the upper part of the frame and positioned correctly in place. Once again, the frame's lower arch is pulled down to fit the lens's lower edge. A gentle push is all it takes to secure it in place.

H Y B R I D
LENS BY **ZEISS**

The precise vision offered by the curvature of a cylindrical lens, when combined with the wide vision guaranteed by a toric lens shape, produce an excellent no-compromises hybrid lens.
